

THE
SCIENCE AND DISCOVERY CENTER
WANTS TO SEE YOUR CREATIVITY!
2022 POSTER CONTEST

During the months of November and December we will accept posters from all classes that want to participate.

We want to see your best poster on the *Science and Discovery Center*. Tell us why you like to come here, show us images, or draw your own pictures showing your favorite parts of the museum! It can be from one student or one class; that is up to the individual classes.

All posters will be displayed throughout the museum. In the month of January, we will select the overall winner. The winning class will receive a **FREE FIELD TRIP** to the museum, with a reptile encounter. In addition, the winning poster will be displayed in our front lobby until the following year winner is selected. Two entries per class will be accepted. The submission deadline is December 31, 2022.

Drop posters anytime during business hours, Tuesday-Saturday, 10AM-4PM. Please make sure teacher name, grade, school and contact info is on the back of the poster.

DON'T MISS OUT!

308 Airport Road, Panama City, FL 32405

*Transportation not included.

FUN!!

WINNER!
